

Notice to all Members

December 18 2006

We would like to take this opportunity to thank Master Nyron Higgins for his undying efforts he has made to the Ontario Taekwondo Association as Chairperson of the Referee Committee. He has decided to step down and let others continue to educate and train our fine participants to make our tournaments as safe and efficiently run as possible. His guidance for the past 8 plus years has created a pool of great new judges and referees.

In the same respect, Master Barbara Marian as the newly appointed Chairperson for the Referee Committee will continue on with the tradition of quality. We are sure that she will have the same professionalism and also will bring some new insight to this committee. Congratulations Master Marian.

Master Chris Park

Vice President
Ontario Taekwondo Association
